Speedbumps, Anon.

by Jeff Forsythe

They say that if you want to stop someone from doing something you don't want him to do, you should simply make it unprofitable for him to do so. The trick is, however, don't leave any alternative options for him to do something worse than what you're preventing him from doing.

At Willowbrook they've been trying to make some of the students refrain from speeding in the parking lot for years. They've tried having teachers stand out there, deans stand out there, and even policemen sit in their squad cars out there. All of it to no avail. (They used to say that if you couldn't make it to Oswego or U.S. 30 at least once a year, the least you could do was spend a lunch hour watching the smoke rise from burning tires in the parking lot.)

Now they're trying something new—speedbumps. Not only will this new effort be to no avail, but it's impractical. These here speedbumps are still going to ingeniously find a way to show their engines' worth; and this time it's going to be more dangerous than before. There are still areas where one can "peel out" where he feels the divine urge from his foot, and these are the parking lot aisles.

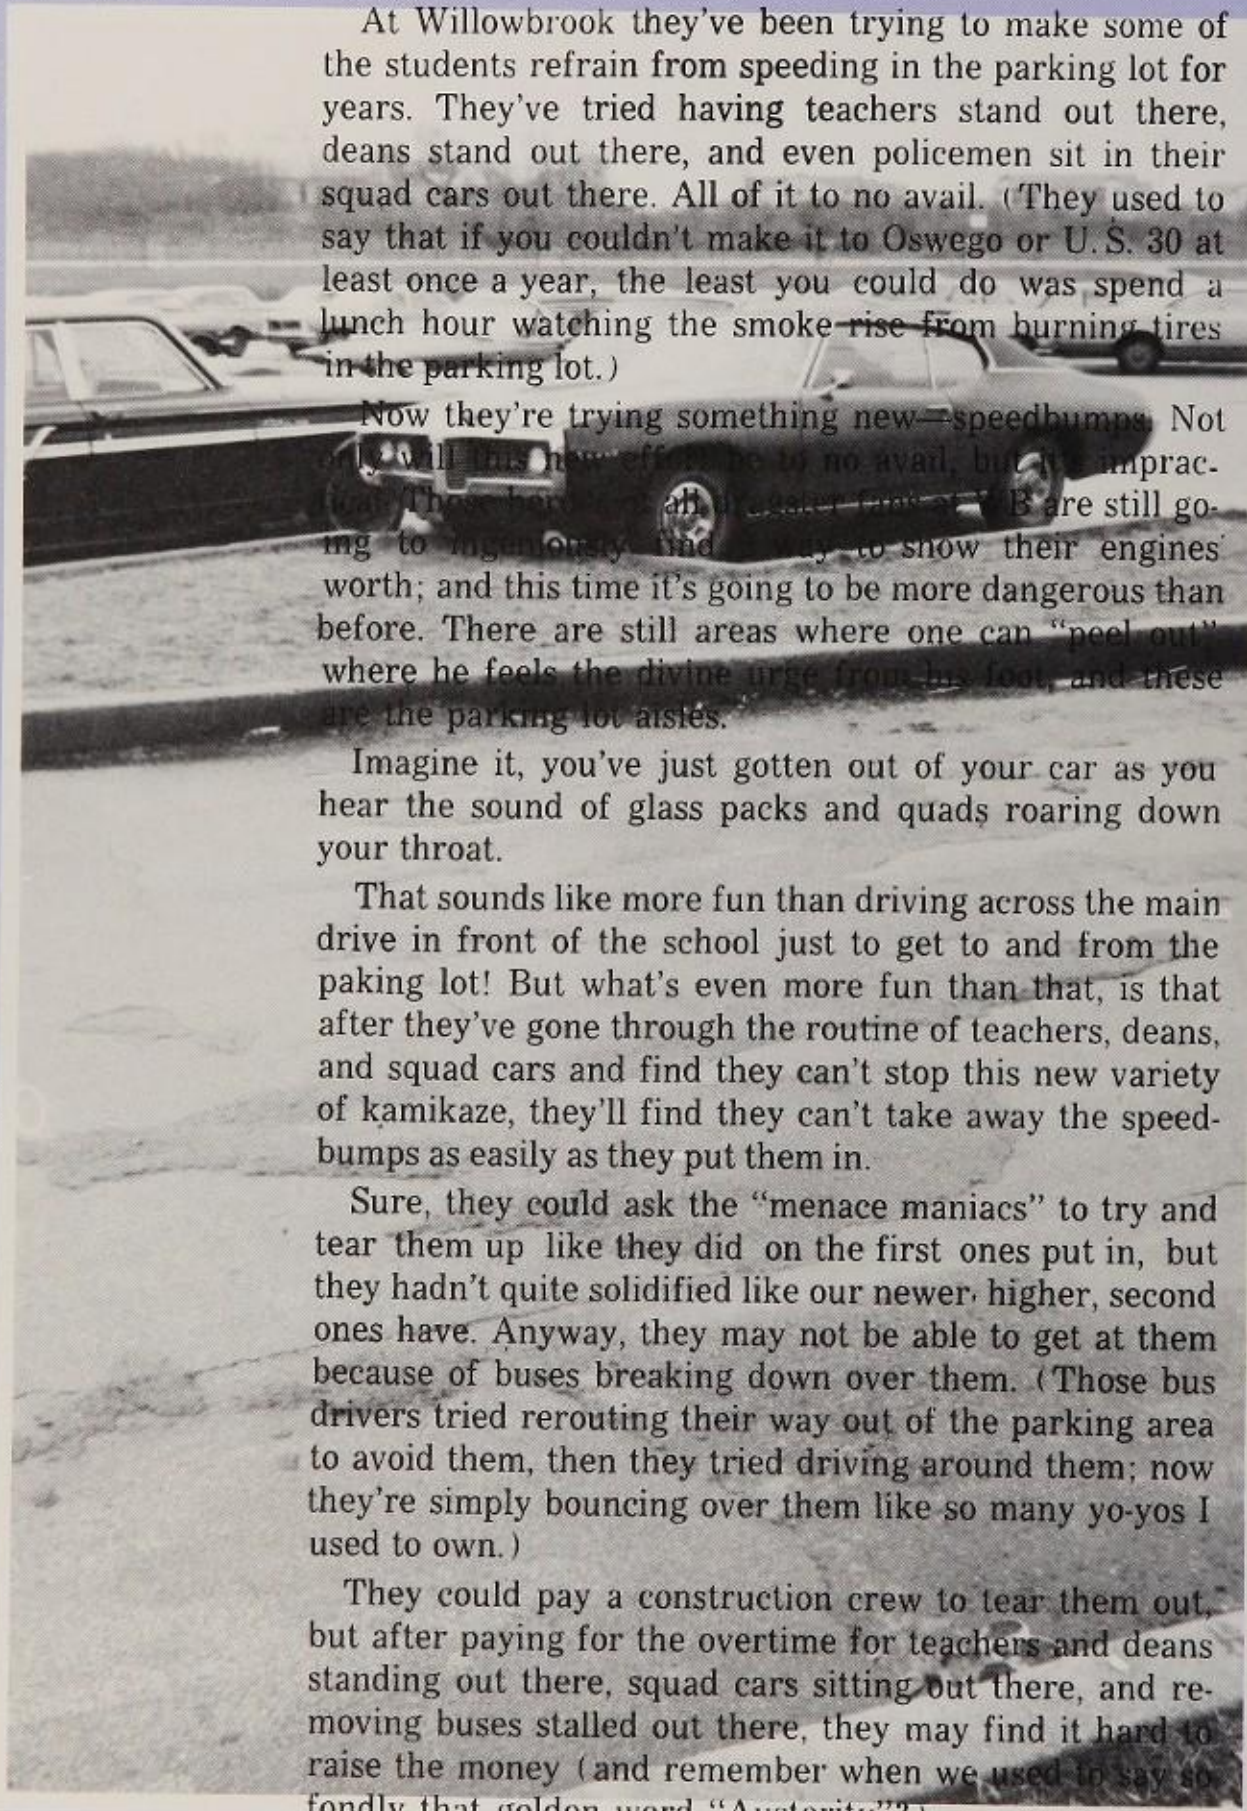

Imagine it, you've just gotten out of your car as you hear the sound of glass packs and quads roaring down your throat.

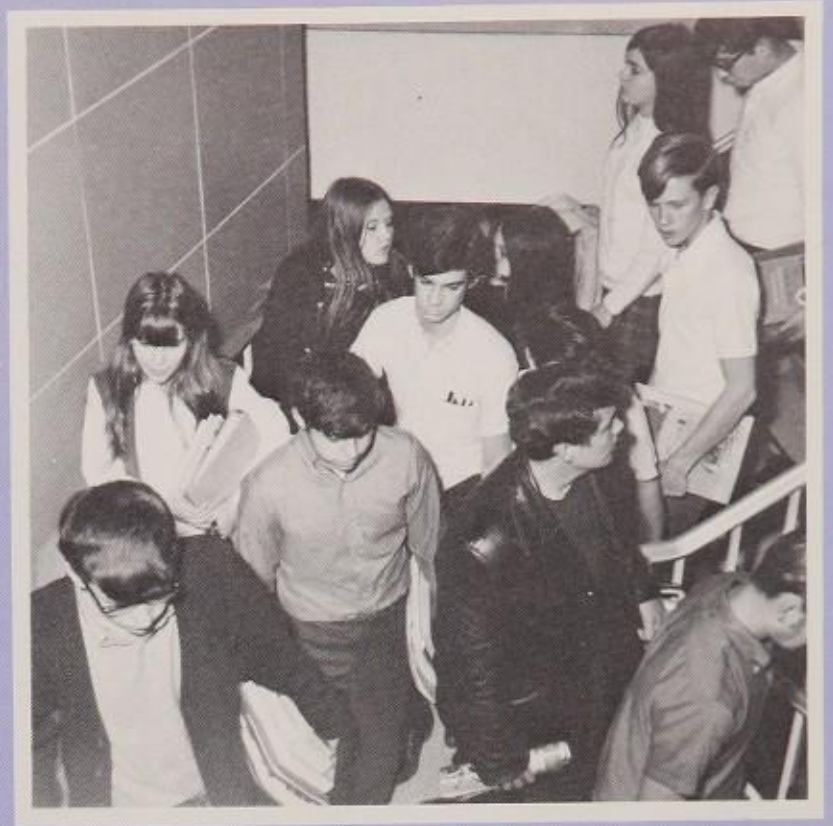

That sounds like more fun than driving across the main drive in front of the school just to get to and from the parking lot! But what's even more fun than that, is that after they've gone through the routine of teachers, deans, and squad cars and find they can't stop this new variety of kamikaze, they'll find they can't take away the speedbumps as easily as they put them in.

Sure, they could ask the "menace maniacs" to try and tear them up like they did on the first ones put in, but they hadn't quite solidified like our newer, higher, second ones have. Anyway, they may not be able to get at them because of buses breaking down over them. (Those bus drivers tried rerouting their way out of the parking area to avoid them, then they tried driving around them; now they're simply bouncing over them like so many yo-yos I used to own.)

They could pay a construction crew to tear them out, but after paying for the overtime for teachers and deans standing out there, squad cars sitting out there, and removing buses stalled out there, they may find it hard to raise the money (and remember when we used to say so fondly that golden word "Austerity"?).

The final solution could be to put speedbumps everywhere in the parking lot. This could produce a checkerboard effect, and then we could paint them all black and red. If we keep on adding enough speedbumps, they'll all be touching and the parking lot will be level again only this time one foot higher above sea level than previously.

Our 1970-71 Varsity football team was proof that Warriors **are** GREAT! The season ended with three consecutive victories and a record of five wins and three losses. This put our Warriors in second place in the Des Plaines Valley Conference.

This year our players should each be congratulated for their individual achievements and their teamwork. Eight players made all-conference honors: Dave Christianson, Gary Galvin, Tom Hicks, Pete Krogh, Chuck Luttenbacher, John Marks, Mike Meranda, and Dale Sydnor. But they couldn't be a team without players like Ron Bailey, Ken Carwell, Jim DeForest, Walt Krause, Chuck Lindley, Rick Nishimura, Mike Rowland, Nick Severino, and Mike Sarallo, who also proved to be excellent players.

All in all, the Willowbrook Warriors were really **Great!!!**

Fight, Roman Warriors, for Glory and Victory in the Game!

FROSH.

Unable to break its losing streak, the Soph team, coached by Al Loew and Dick Drees, ended up in the cellar. Through the foggy statistics, however, there must go some praise. No where were there boys who tried harder; each week they came back thinking the next game they would win.

Outstanding on the team were linemen John Sohmer and Ron Sheldon and three backs, Dave Rutter (voted most valuable by his teammates), Gary Current, and Rick Jantz. Defensively, much credit must go to the secondary, where boys like Tom Underwood, Jon Harrington, Ron Sheldon, and Bill Hess did commendable jobs, along with linebacker Troy Oughton, who led in total tackles. Jim Klick was voted most improved. Gary Current, Rick Jantz, and Ron Sheldon were elected tri-captains.

It's not whether you win or lose, but how you play the game.

Our 1970-71 Varsity Cross Country team did great. We got off to a slow start, but pulled through with first place in the Des Plaines Valley Conference. These boys have worked hard to keep up this title which we have proudly held for a lot of years. They all did a great job this year but the ones that we show extreme consideration for are Norm Rostocki, Glenn Bicicchi, Greg Neff, Jim Martin, and Mike Considine. This is our way of saying, "Thanks guys!"

Conference Champs . . . but This Year It Was an Undefeated CHAMPIONSHIP!

This year our varsity basketball team proved they were "Top Grade." Along with placing third in the Proviso West Tournament, we had an undefeated conference season.

Some people may say we could have gone further, but we can all be very proud of this team because all the players did their best.

This year we had a major advantage, since we had two members that were three-year veterans to the varsity squad. Tom Hicks and Ron Dowiarz are our three-year veterans, while Scott Sanneman, Dave Christianson, Ken Carwell and Mark Kassner are two-year veterans. Also Janis Ludeks, a junior, added to our strength.

Our bench strength this year was outstanding. Seniors Pete Krogh, Ken Owens, Mike Howard, Scott Sanneman, and Ken Carwell were always ready to pull us through in crucial spots. Another member of the varsity squad was sophomore Larry Luccessi.

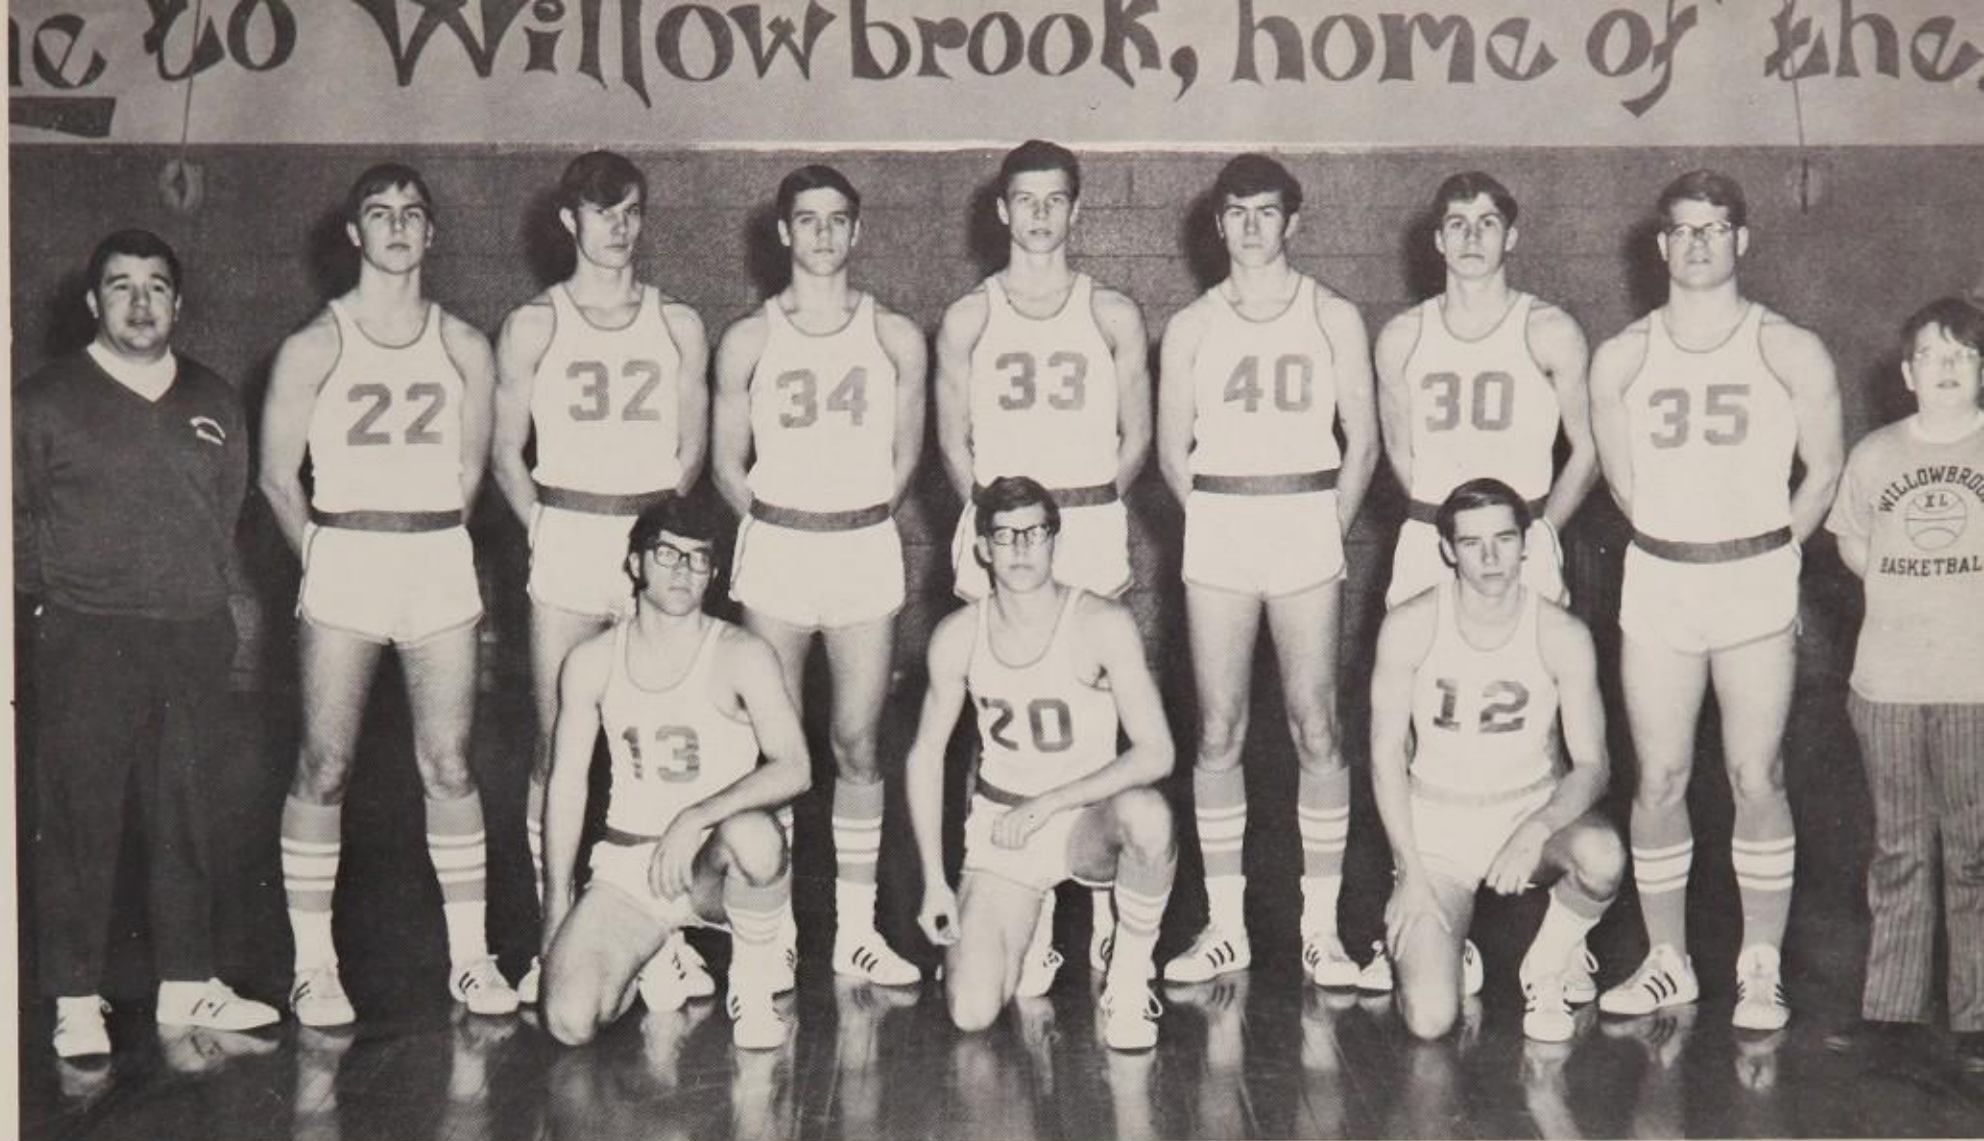

Our conference record this year went unblemished, since we had no defeats. We went to regionals with high hopes, but when we played for regional championship with York . . . we had our first defeat in thirteen games, which gave us a final season record of 20-5.

Willowbrook's Wrestling WARRIORS!

Willowbrook's Wrestling Warriors had one of their finest seasons this year. Varsity finished with an 8-3 dual meet record and topped the season off by returning home District Champs from Wheaton North. The Warriors sent five wrestlers; Tom Cortez, Gary Zizzo, Scott Stamp, Wendal Harris, and Larry Kenyon to sectional competition. Our two district champions, Tom Cortez and Gary Zizzo took second place at the sectional and went on to the state meet in Champaign.

This was the first time in Willowbrook's history that the wrestler's have won District. Six juniors from this year's district team (Tom Cortez, Mark Aschliman, Tom Spratt, Carry Cole, Tom Cassel and Dave Brown) will make it twice in a row.

Warriors had five wrestlers on all-conference team. Tom Cortez, Gary Zizzo, Wendal

In spite of difficult weather conditions, this team has worked hard and is looking forward to a 14-match schedule capped off by the I.H.S.A. Student Council Working for the School

This year's Student Council has done a lot for the student body. The proceeds from the pop machine in the cafeteria are for the Scholarship Fund Drive. As usual, they sponsored Homecoming, Christmas Post Office, and the Spring Charity Project. The Film Festival, also sponsored by our council, has added variety to the school activities. In working for the student body, the council has changed our honor roll system so that more people have an opportunity to make it.

Meet Pensawat Chinangkoon!

My one year in Willow Brook High School was very wonderful. Every thing was just great. Remember, we had fun together, during lunch-hour, during class, walking in the Hall, sleeping in class during the films, and playing in snow for my first time. How can I forget those things? It was really fun.

I'd like to say Thank you to all the people who have helped to make my year a meaningful and wonderful one.

I wish I could get another chance to come here and see you all again.

Have fun and good luck to everybody.

Love,

Cooperative Work Training

Cooperative Work Training is one of several industrial work programs offered at Willowbrook. Students enrolled in the program go to school half a day and work half a day. Students who are in C.W.T. take required courses such as Social Science 12, American History 11, and English. They also take classes which are related to their employment. Cooperative Work Training provides the opportunity for a student to earn while he learns and also teaches the student responsibility.

Distributive Education

President: Andrea Jurczak, Treasurer: Kathi Boyce, Secretary: Bonnie Carter, Vice-President: Peggy Earl.

Distributive Education is a vocational cooperative part-time program in the field of marketing and distribution.

Students attend school part of the day, take two other major subjects besides D.E., and work the rest of the day. In class, they get basic training for salable skills in their chosen area of endeavor. On the job, the D.E. student-learners have supervised instruction, follow a training plan, and are periodically graded and evaluated by their supervisors.

D.E. students receive one credit per semester for on-the-job learning activities.

The students themselves carry out their own activities, which include field trips, organization of D.E. dances, participation in refreshment sales, appearances of guest speakers and attendance at conventions. They terminate each year with their annual D.E. employer-employee-luncheon.

Barbara Howard arranges merchandise at Sears Roebuck.

Rick Gregory checks display signs made in class.

Display World is the magazine selected by Judy Obrigt for her next project.

Computerized management results are checked by Steve Cairns.

Merchandise for the club sales project is inspected by Debbie White and Barb Monske.

Diversified Occupations

The members of Diversified Occupations spend half of their day at school and the other half at work. The purpose of the program is to provide vocational training in a trade for interested students during their junior and senior years.

While the student is at work, he is able to practice the skills of his occupation; this is followed up in school with a study of related and technical information about the occupation, besides other high school courses.

Office Occupations

Office Occupations is a course offered by the business education department to seniors who have sufficient background in business education to undertake a program of formal classroom training in school and office-trainee positions in the afternoon. A student learner gains through practical experience without sacrificing time in finishing a high-school education and has more insight into office employment than an ordinary part-time employee. The related employment makes classroom instruction more meaningful, and gives the student an opportunity to decide on needs for further education.

It is with great pride that we dedicate this book to the class of '71.

Skyline Staff Tells It Like It Is

The **Skyline** staff is that perpetually busy part of the school where editors try to untangle themselves from the mass of orange and yellow galley proofs, where holidays are mere rumors, and where 16 Willowbrook students spend long hours working their heads off and enjoying it!

Sound unusual? Yes, but all their diligence and perseverance are generously rewarded when one of the 17 issues appears every other Thursday afternoon.

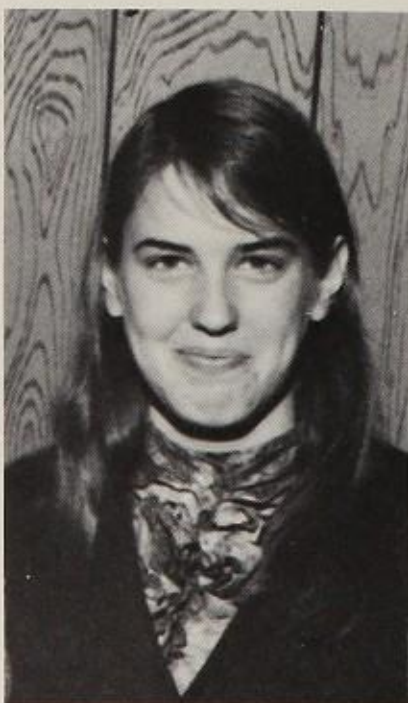

Under the leadership of editor-in-chief Ken Brinker, the reporters and editors of the **Skyline**, work with the copy readers and the circulation and business staffs to produce a school paper whose journalistic endeavors consistently rank high. The staff is under the direction of Mr. John M. Rowley.

Everyone Enjoys the Lettermen's Initiation Day

Lettermen's Club, while being a service organization, is mainly an honorary society. A boy may join only after earning a varsity letter and undergoing initiation.

Initiation days are enjoyed by everyone, especially the lettermen. A few of the things initiates are made to do are picking up pennies, shining shoes, singing nursery rhymes, and wearing sweater and tie backwards for a day.

This club, sponsored by Mr. Evans, sells programs at all home games and assists visiting teams and officials at home basketball games. The club usually sponsors a fund-raising project some time during the year.

Only One in the Midwest: the Cave Exploring and Outdoor Club

Willowbrook's new club is the only one of its kind in the midwestern secondary schools. It also has the largest membership in our school: one-hundred and twenty members.

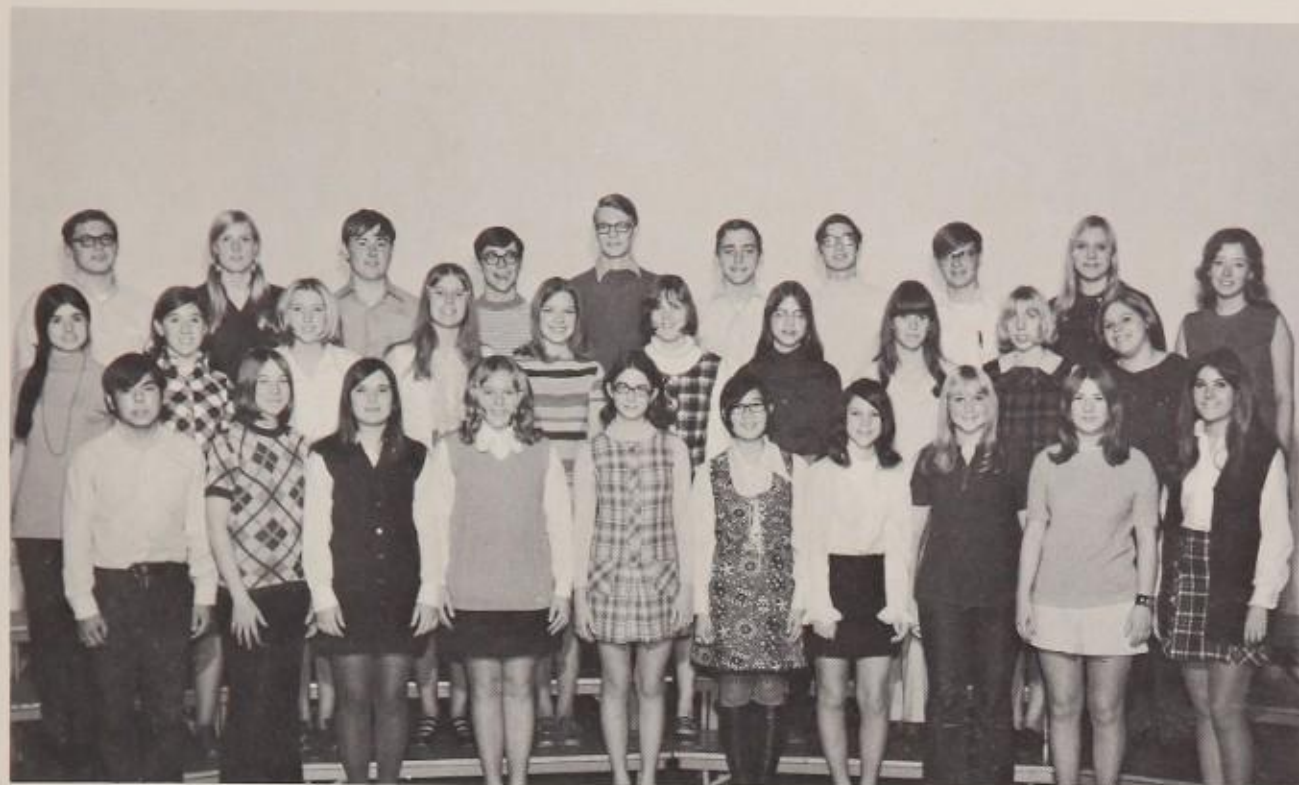

Winter skiing trips, jym jams, swimming parties and the spring co-ed camping trip are among group activities besides spelunking.

The monthly meetings include slide presentations, guest speakers from the Windy City Grotto, and the added pleasure of planning future trips into the underworld.

Encourages Creativity

Parallax is Willowbrook's literary collection published annually by the students for the students. It was the aim of this year's staff to improve the magazine by constant work throughout the year and opening it up to the entire school.

The staff visited classrooms and campaigned directly to students and teachers for contributions. It began as a project for the composition and creative writing class and successfully branched out to the rest of the school.

We hope our work will continue.

The Willowbrook Future Teachers of America is made up of students who are exploring the field of teaching. We tutor, work as teacher aids in the grade schools and have a lot of fun. We hold meetings once a month and often have speakers talking on such subjects as special education, teaching the deaf, and choosing a college.

We are associated with the State Future Teachers' Associated (IAFTA) and attend local workshops throughout the year. In the spring we send delegates to the IAFTA convention held somewhere in the state. Last year, our first year as a club, we won two awards at this convention. John;

Take it easy man
Keep cool, and have

a lot of fun this Summer!

Good luck in School next
year. (in P.E.!!)

Scott Wattens
'74

John,

I really don't know
what to say cuz I really don't
know ya that well. Well, good
luck next year. See ya then
Toni

John,

you are a lousy
pool player and

maybe someday
you will be pretty

good. Good luck!

See ya then
Year,
Chuck

Lietz

Seeing as how I'm
going to see you in the summer
it doesn't really matter what
I write. Don't get arrested or
get into trouble, the world just
wouldn't be the same without you.

John Reger.

① I know you ~~want~~ want but
I wrote that just in case.

John,
It was great knowing
you in Gym class. I'll
see you next year. Good
luck always.
John

Marty Galvin

Good Luck in Sophomore
year. Nice knowing you
James Warren Harris

John, I really do wish
I could've gotten to know
you better. You seem so awfully
quiet in English class. Chuck S.
says you're a riot or well, that
luck always.
Dance, see
Thompson

John:
I thought you
had in your head
that you were
going to change
I know you're
still before the
make changes
back in
lots of good
hope you
will

John
IT WAS GREAT
HAVING YOU IN MY
LUNCH HOUR
Good Luck
